Programming for Everybody (Getting Started with Python)

Python Data Structures

Using Python to Access Web Data

Using Databases with Python

Capstone: Retrieving, Processing, and Visualizing Data with Python

UNIVERSITY OF MICHIGAN

Sep 1, 2023

Moola Suryaprakash Reddy

has successfully completed the online, non-credit Specialization

Python for Everybody

This Specialization builds on the success of the Python for Everybody course and will introduce fundamental programming concepts including data structures, networked application program interfaces, and databases, using the Python programming language. In the Capstone Project, you'll use the technologies learned throughout the Specialization to design and create your own applications for data retrieval, processing, and visualization.

- Database Design and Basic SQL in PostgreSQL
- Intermediate PostgreSQL
- JSON and Natural Language Processing in PostgreSQL
- Database Architecture, Scale, and NoSQL with Elasticsearch

Sep 1, 2023

Moola Suryaprakash Reddy

has successfully completed the online, non-credit Specialization

PostgreSQL for Everybody

In this course series, learners gained skills to use the PostgreSQL database and explored topics ranging from database design to database architecture and deployment. Other focus areas included comparing and contrasting SQL and NoSQL approaches to database design. Projects focused on creating and manipulating tables, designing data models, constructing advanced queries, and techniques for working with text in databases, including regular expressions.

Nov 19, 2023

Moola Suryaprakash Reddy

has successfully completed the online, non-credit Specialization

Microsoft 365 Fundamentals

This Specialization is intended to help all novice computer users get up to speed with Microsoft 365. It covers various features of the interface, shows you how to perform basic tasks, and introduces you to the most important tools in Word, PowerPoint, and Excel. This program will help you to become familiar with the apps and services included in a Microsoft 365 subscription. You will improve your word processing, spreadsheet, and presentations skills to take your productivity to the next level. You will learn how to work smarter and more collaboratively with the latest intelligent features of Office 365. By the end of this program of courses, you will be ready to take and sign-up for the MO-100: Microsoft Word, MO-200: Microsoft Excel and MO-300: Microsoft PowerPoint.

Sep 22, 2022

Moola Suryaprakash Reddy

has successfully completed the online, non-credit Professional Certificate

Intuit Bookkeeping

Whether you are starting out or looking for a career change, the Intuit Bookkeeping Professional Certificate prepares you for a variety of jobs in public accounting, private industry, government, and non-profit organizations. You've gained a foundational understanding of accounting principles and an introduction to QuickBooks Online through hands-on practice working with real-world accounting scenarios. Upon completion, you'll be ready to take the Intuit Certified Bookkeeping Professional exam and are qualified to apply for a position as a bookkeeper at Intuit QuickBooks Live or anywhere in the field.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
